Residential Care Facilities for the Elderly

Residential care refers to the facilities which do not provide medical or nursing care but which offer room, board, and daily assistance with dressing, eating, personal hygiene, health maintenance, supervision of prescribed medicine, transportation, and other activities. This is a care level often appropriate for persons unable to live by themselves because of personal safety factors. The homes are licensed and inspected annually by the California Department of Social Services.

<u>Facility/Address/License</u>	<u>Administrator/Phone</u>	<u>Size</u>
